

# APPOINTMENT SCHEDULING PROCESSES

---

- What type of appointment scheduling system is used – paper? Computer?

---

---

---

---

- How are missed or cancelled appointments noted?

---

---

---

---

- How are missed or cancelled appointments dealt with by the office?

---

---

---

---

- How are patient recalls handled? What is the script for recall phone calls?

---

---

---

---

- How are patients scheduled (cluster, individual time, overlap)?

---

---

---

---

- How many minutes are allowed per patient?

---

---

---

---
